

# First Flight Attempt - Golden Ticket

Mobility, Advanced™

- Intent
  - The intent of the Golden Ticket is to create an opportunity where teams have at least one (1) flight attempt for the weekend competition, ensuring a fair and meaningful chance at putting points on the board.
- Golden Ticket
  - Any teams that do not have a registered ***flight attempt*** on Saturday could qualify for a Golden Ticket line boost on **Sunday only**. Teams must meet specific requirements.
- Requirements
  - The team must have passed Technical Inspection late Saturday afternoon or early Sunday morning.
  - The team must not have used any sort of ***flight attempt*** on Saturday.
    - A flight attempt is considered used once a team enters the “On-Deck Area”.
    - This will be the team’s first attempt at flying and is **one (1) use only**.

# First Flight Attempt - Golden Ticket

Mobility, Advanced™

- Process

- A team meeting the requirements would request a Golden Ticket while getting their flight card on **Sunday morning only**.
- Once officially approved, the team will get in a secondary queue parallel to the primary queue, with immediate access to the “On-Deck Area”.
- The team will turn in their Golden Ticket along with their flight card and proceed to use their flight attempt.
